Tasting notes

- Colour:** Bright pale yellow colour with green edges.
- Nose:** The bouquet is very fresh and elegant. Reminiscent of tropical fruits (passion fruit, pineapple, mango), citrus (grapefruit, tangerine) and a touch of mint.
- Palate:** The taste is initially fruity, then salty because of Cantabrian sea. It is elegant, pleasant and fresh.

The heavy frost in April, followed by warm weather in May and June and further draught in the Summer with occasional storms, resulted in a short harvest in terms of quality, yet the quality of the fruit was excellent.
